

BILLY MOKONE RAMONTJA

17 Charlton Terrace, New Doornfontein, Johannesburg, 2094 · 072 102 2124 ·
Billyramontja@gmail.com

A motivated and reliable aspiring software developer seeking an opportunity to harness my coding skills and contribute to innovative projects. I am eager to join a dynamic team where I can grow my technical expertise, develop cutting-edge solutions, and help drive the company's success to new heights.

EXPERIENCE

June 2023 - July 2024

System development intern, Dynamic Dna, Randburg

- Designed and developed web pages, ensuring an optimal balance between aesthetic and functional elements.
- Integrated user experience (UX) principles into the design process to enhance interaction and engagement on web pages.
- Developed mobile-responsive designs to ensure a seamless experience across devices.
- Created and implemented interactive features to improve user engagement.
- Built reusable and scalable code to streamline the development process for future projects
- Utilized HTML, CSS, JavaScript, and jQuery to create dynamic and responsive web pages.
- Leveraged server-side CSS for efficient styling and management of web pages.
- Demonstrated strong problem-solving skills by addressing design and development challenges effectively.
- Collaborated with team members to ensure clear communication and successful project execution.
